POST-SECONDARY PLANS

We would like to get to know a little bit about you, what are your post-secondary plans?

PERSONAL STATEMENT

Yes No I have discussed my decision to enroll in a program at the Center for Science and Industry with my parent/guardian.

Yes No I have discussed my decision to enroll in a program at the Center for Science and Industry with my high school counselor.

Completion of this form indicates my interest in attending the Center for Science and Industry. As a student attending the Center for Science and Industry, I am committed to being successful through regular attendance, academic achievement, positive work habits, and acceptable behavior. I agree to abide by the policies, rules and regulations of the Center for Science and Industry and also understand that if I fail to follow these rules, I may be returned to my high school. I also give permission for the release of records to the Center for Science and Industry.

MISSION STATEMENT

SM Center for Science and Industry's objective is to provide opportunities for careers in engineering, sales, manufacturing and advanced manufacturing, to improve student performance and workplace readiness by providing 21st century education and training using blended learning with utilization of technology.

CORE VALUES

Center for Science and Industry (CSI) values a school/career environment where:

1. We promote and model high social, moral, and academic expectations.
2. We work collaboratively to establish and consistently enforce standards of responsible behavior.
3. We recognize that all actions have consequences.
4. We maintain a safe, responsible, and orderly environment.
5. We work to establish teacher/student/parent communication relationships that foster positive growth of student learning.
6. We guide students to develop employability skills that will lead to academic and career goals.
7. We promote respectfulness, kindness and politeness among the school community and celebrate diversity.
8. We enhance the educational world through professional strategies to create a higher learning environment.
9. We provide opportunity for all learning domains.
10. We experience diversity, react to its ramifications, and accept the necessary compromise due to differences.

TRANSPORTATION

- Students are expected to follow their local district's policies concerning transportation to and from the CSI.
- Local District Students are required to ride the bus to and from CSI.
- Out of District Students - Driving a car to the CSI is approved **ONLY by the local district Principal**. If your school grants you permission to drive, you must register your vehicle with the SMCSI and follow CSI rules and regulations for student cars.
- In order to ensure a safe environment in the student and staff parking area, there will be security cameras monitoring the lot at all times.
- Student drivers are expected to arrive at the same time as their local district bus arrives. Students who drive should also be in the labs/classroom at the same time as bus students. Repeated tardiness will result in the loss of driving privilege.
- If there is a suspicion that your vehicle contains controlled substances or other illegal items, the administration reserves the right to search the vehicle when it is parked on the CSI property. Vehicle searches will be consistent with the CSI Search and Seizure Policy.
